🐙 github.com/sandipcb365

Dynamic and multi-disciplinary professional with a B.Sc. in Computer Science & Engineering and a diverse track record spanning technology, creative design, education, and corporate sales. I blend strong technical acumen in software development and UI/UX design with the strategic communication and leadership skills required to drive market growth at a multinational level. From engineering eco-friendly solutions and complex management systems to leading territory sales, I am passionate about leveraging my unique intersection of coding, design, and business strategy to solve complex problems and deliver impactful results across any industry.

📁 Professional Experience

British American Tobacco Bangladesh (BATB)

Territory Sales Officer (TSO)

03/2026 – Present | Moulvibazar, Bangladesh

Continue to market and sell in accordance with BATB regulations and communication. Verify and follow up with the distribution house to ensure that their market service and sales are satisfactory, among other things. Additionally, stay informed about local and raw market data with the BATB.
